

THE WINDOW IS STILL OPEN.

But it won't be forever.

You reached out. You saw the opportunity. You had feedback on the terms.
Then silence. This document is not a complaint — it is a second invitation.
The ecosystem is being built. The only question is whether you are in it.

Discipline. Loyalty. Excellence.

01 — LET'S ACKNOWLEDGE WHAT HAPPENED

You made contact. You expressed interest in a partnership with COBRA K9. You reviewed our terms and had a valid response — the language felt too much like an employer/employee relationship. That feedback was heard, and it was fair.

You said you would outline what needed to change. Then communication stopped.

We are not here to chase. We are here to re-open the door — clearly, professionally, and with revised terms that reflect a genuine partnership of equals.

02 — THE OPPORTUNITY (READ THIS CAREFULLY)

Our DMs are filled daily with the same recurring questions — the exact questions that signal purchase intent. These are not passive followers. These are people who are ready to pay for a solution right now.

What They Ask in Our DMs	What We Sell Them
"How do I stop my dog biting?"	Impulse Control Mini-Course
"What does your dog eat?"	Raw Feeding Guide / eBook
"How do you train off-leash?"	Off-Leash Mastery Course
"Can you train my dog?"	Book a Session — online form
"Puppy care & whelping help?"	Puppy Starter Pack / Consultation
"What products do you use?"	Affiliate / Recommended Products Page

"Every unanswered DM is lost revenue. The partner we are seeking will help us build the infrastructure that turns those conversations into transactions."

03 — THE AUDIENCE IS REAL. THE DEMAND IS PROVEN.

TikTok Followers	Total Likes	Top Video Views	Cage Clean Video
------------------	-------------	-----------------	------------------

Videos on topics like cage cleaning, bath routines, and raw feeding are hitting hundreds of thousands of views organically — with zero paid advertising. The content is already doing the selling. We simply need the system to capture that attention and convert it into income.

04 — PROJECTED REVENUE: FIRST 90 DAYS

The projections below are conservative. They assume we convert less than 0.5% of existing monthly content reach — a realistic floor, not a ceiling.

Revenue Stream	Price	Month 1	Month 2	Month 3
Online Courses	R299–R1,199	R6,000	R14,000	R28,000
eBooks & PDF Guides	R99–R299	R2,500	R6,000	R11,000
Online Consultations	R350/session	R3,500	R5,250	R7,000
Affiliate Products	Commission	R800	R2,000	R4,500
Premium WhatsApp Club	R99/month	R1,980	R3,960	R7,920
TOTAL (Conservative)	—	~R14,780	~R31,210	~R58,420
CUMULATIVE 90-DAY TOTAL	—	—	—	~R104,410

R100,000+ in 90 days is achievable. The audience exists. The demand exists. What's missing is the digital infrastructure — and that's where you come in.

05 — REVISED PARTNERSHIP SPLIT — ADDRESSING YOUR CONCERNS

You felt the original terms read like an employment contract. That was not the intention, and we have restructured accordingly. This is a co-founder arrangement — two parties building an asset together, with earnings tied to performance, not hours.

What Is Being Split	Days 1–90 (55 / 45)	Day 91+ (50 / 50)
Digital product sales	55% CK9 / 45% Partner	50% / 50%
Online course enrolments	55% CK9 / 45% Partner	50% / 50%
eBook & PDF guide sales	55% CK9 / 45% Partner	50% / 50%
Affiliate commissions	55% CK9 / 45% Partner	50% / 50%
WhatsApp Premium Club	55% CK9 / 45% Partner	50% / 50%
1-on-1 Consultations	70% CK9 / 30% Partner	65% / 35%
Future brand sponsorships	Negotiated per deal	Negotiated per deal

Why 55/45 for the first 90 days?

- COBRA K9 brings the existing audience, brand equity, and all content creation

- The first 90 days are the highest-risk period — we absorb more of that risk
- As the partner proves the system works, the split equalises to 50/50 permanently
- Consultations stay higher for CK9 as they require direct personal time and expertise

What an entrepreneurial mind gains beyond the split:

- Proven business model exposure: learn firsthand how a content-driven brand monetises an engaged audience at scale
- A live portfolio asset: a fully operational digital ecosystem you helped architect — worth more than any case study
- Entrepreneurial leverage: your skills stop trading time for money and start building equity in a revenue-generating system
- Scalability experience: every course sold, every email captured, every funnel that converts is a skill that compounds across every future venture you run
- Network and credibility: association with a growing personal brand in a passionate niche opens doors in the creator economy

06 — WHAT WE NEED FROM YOU — RIGHT NOW

Not next week. Not when you are ready. Now. The system is being built with or without you — the only variable is who is sitting at the table when it starts generating.

Step	Action	Timeline
1	Reply to confirm you have read this	Within 48 hours
2	Send your revised T&C concerns in writing	Within 5 days
3	Schedule a 30-minute alignment call	Within 7 days
4	Sign partnership agreement (NDA + IP)	Before any build begins
5	Kick off Phase 1 of the build	Week 1 of agreement

THIS IS NOT A CHASE. THIS IS A FINAL COURTESY.

We have moved forward. A second developer profile is live on Upwork. Other conversations are open. We are sharing this because your original interest was genuine and we respect that — but COBRA K9 does not wait indefinitely. If the opportunity still excites you, respond. If the terms still concern you, put it in writing and we will negotiate in good faith. The table is set. The seat is yours — but only if you sit down.
